ABOUT ME

I am a front-end developer. I have graduated from AGH Univeristy with an engineer degree in the Computer Science and continuing my path in University of Silesia in the same profession. I consider myself to be highly motivated person who want to improve skills and broaden horizons.

WORK EXPERIENCE

Frontend Developer - Ultimate Systems sp. z.o.o

June 2021 - September 2021

- Worked on platform for pharma project based on React, created few Wordpress websites.
- Technologies: React, WordPress, JavaScript, PHP, SASS, Figma, Git

Fullstack Developer - Software Mind sp. z.o.o

March 2022 - present

- Work with Polish and Finnish team. Developing Scandinavian agile web application for managing work and finances.
- Technologies: React, Typescript, Node, Express, MUI, Figma, Git, SQL

PROJECTS

Private Kindergarten Management System | (React, SASS, Django, PostgreSQL, REST) - Application providing support in leading private kindergarten. It includes for instance a custom calendar to set some announcements for parents, blog, chat, files manager. [[github](#)]

Rick and Morty Universum | (React, Redux, SASS, Strapi, REST) - Web application concerning Rick and Morty series. Present characters fetched from API and allows to create account, leave comments or add favorites creatures. [[github](#)] [[website](#)]

Silesian Hospitals Info | (React Native, Python) - My own simple mobile application, which provides very essential data about Silesian hospitals and wards. It fetches data from my own API and visualize some information about chosen hospital such as number of free beds, address, phone number, link to google maps. [[github](#)] [[website](#)]
